

Chapter 1

TITLE AND SCOPE

TITLE:

Section 101. These regulations shall be known as the “Greenlee County Hazard Abatement Ordinance”; and may be cited as such and will be called herein “this Ordinance.”

PURPOSE AND SCOPE:

Section 102. A. PURPOSE: The purpose of this Ordinance is to provide a just, equitable, and practicable method to be cumulative with and in addition to, any other remedy of Greenlee County, which may be otherwise available at law, whereby any rubbish, trash, weeds, filth, debris, or damaged and dilapidated building or obsolete vehicle which constitute a hazard to public health and safety may be compelled to be removed from buildings, grounds, lots, contiguous sidewalks, streets and alleys, located within the unincorporated area of Greenlee County.

B. SCOPE: The provisions of this Ordinance shall apply to all hazardous conditions as herein defined, which are now in existence, or which may hereafter become dangerous in this jurisdiction.

Chapter 2

DEFINITIONS

GENERAL:

Section 201. For this Ordinance, certain terms, phrases, words, and their derivatives shall be construed as specified in this chapter. Where terms are not defined, they shall have their ordinary accepted meanings within the context with which they are used. Webster's Third New International Dictionary of the English Language Unabridged, copyright 1961, shall be construed as providing ordinary accepted meanings. Words used in the singular include the plural and the plural the singular. Words used in the masculine gender include the feminine and the feminine the masculine.

“Debris”; besides its ordinary accepted meaning, shall include accumulations of combustible or flammable materials, including weeds¹, determined by the Inspector to constitute a hazard to public health or safety.

“Dilapidated building” is any real property, structure, movable, or immovable, permanent or temporary, vacant or occupied, that is in such disrepair or is damaged to the extent its strength or stability is substantially less than a new building, or it is likely to burn or collapse and its condition endangers the life, health, safety, or property of the public, including potential vagrant or transient occupants², whether trespassing or not.

“Interested Party” shall be the owner, lessee, and/or occupant, on the date of the formal demand for removal or the date of the remediation or abatement action, obligated to comply with the demand or actually incurring liability to pay the assessment.

¹(Footnote are commentary that serve as a guide in interpreting and carrying out the text of the Ordinance.) Weeds may harbor vectors, therefore may be considered a hazard at any growth stage. Weeds may also become a fire hazard.

²Any building or any structure, normally closed, that are open and accessible could be considered dilapidated and dangerous.

“Nuisance”: includes any rubbish, trash, weeds, filth, debris, or damaged and dilapidated building or obsolete vehicle.

“Obsolete vehicle” is any car, truck, or other vehicle normally licensed by the State, or unlicensed vehicle used for other purposes, including but not limited to agriculture or recreation, which is visible from a public road or street³ and obviously displays any three (3) of the following conditions. 1) Does not have current vehicle license; 2) Any part of the drive train; (the engine, transmission, or drive differential) is missing; 3) A minimum of two tires are flat or missing; 4) Any major body panel (door, hood, truck lid, fenders, etc.,) is missing from or not attached to the vehicle; or 5) Any glass is missing or broken.⁴

³A public road or street is any road, drive, or way generally used by two or more people and is open for public used. A drive signed as a private drive is not public.

⁴Any “vehicle” that would be considered an obsolete vehicle may be covered, may be placed behind a visual barrier, or otherwise moved from sight.

Chapter 3

ENFORCEMENT

GENERAL:

Section 301. A. ADMINISTRATION: A hazard abatement officer (herein called Officer) shall be appointed by the Board of Supervisors. The Officer will be the Planning and Zoning Director if not otherwise appointed. The Officer, or his authorized representative, may take such actions as may be required to carry out the provisions of this Ordinance.

B. INSPECTIONS: The Officer, a health officer, a representative of a fire district (if one is established), a peace officer, or their authorized representatives (herein called Inspectors) are hereby authorized to make such inspections as may be required to enforce the provisions of this Ordinance. Inspectors are those recognized by the Officer. The Inspector shall report his findings to the Officer.

C. RIGHT OF ENTRY: Whenever necessary to make an inspection to enforce any of the provisions of this Ordinance, or whenever the Officer has reasonable cause⁵ to believe that there exists in any building or upon any premises any condition which makes such buildings or premises unsafe, dangerous or hazardous, the Officer may enter such building or premises at all reasonable times to inspect the same or to perform any duty imposed upon the Officer by this Ordinance. If such building or premises be occupied, he shall first present proper credentials and

⁵ To make an inspection, the Inspector must have “reasonable cause to believe” that there exists a nuisance, which creates an unsafe, dangerous, or hazardous condition. Generally, the inspection will result from a written complaint that he has received, or can be observed from a drive, road, or street traveled by the public of an unsafe, dangerous, or hazardous condition. It is not intended that an Inspector travel all over the County searching for hazardous conditions. Also, if the Inspector is not given permission by the owner or occupant to inspect, the Officer must get a court warrant to inspect the property. A warrant requires a showing to the court of “reasonable cause to believe”. Costs of getting a warrant can be charged to the inspection.

request entry: and if such building or premises be unoccupied, shall first attempt to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, the Officer shall have recourse to every remedy provided by law to secure entry.

When the Officer shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building or premises shall fail or neglect, after property request is made as herein provided, to promptly permit entry therein by the Inspector for inspection and examination pursuant to this Ordinance.

PLANNING AND ZONING COMMISSION

Section 302. All official actions of the Officer must be considered by the Planning and Zoning Commission.

BOARD OF APPEALS

Section 303. To provide for final interpretation of this Ordinance provisions and to hear appeals provided for hereunder, there is hereby established a Board of Appeals (Board) consisting of the Board of Supervisors. The Board shall adopt reasonable rules and regulations for conducting its business⁶ and shall render all decisions and findings in writing to the appellant, with a copy to the Officer. Appeals to the Board shall be process following the provisions contained in Section 501 of this Ordinance. Copies of all rules or regulations adopted by the Board shall be delivered to the Officer who shall make them freely accessible to the public.

⁶The Board may use its regular and normal operating rules.

Chapter 4

NUISANCE REMOVAL⁷

REQUIREMENT FOR REMOVAL:

Section 401. When a nuisance accumulates on or in buildings, grounds, lots, contiguous sidewalks, streets, or alleys and the Officer determines that the accumulation or condition constitutes a hazard to public health and safety, or if the Officer may require an Interested Party of buildings, grounds or lots to remove such a nuisance to a legal, permitted place⁸ or to mediate

⁷This Chapter is intended to provide the means to remedy a nuisance that present a real danger to persons or property. This primarily occurs in 3 cases:

1. Accumulations or conditions that have a strong potential for causing or carrying a fire;
2. Accumulations or condition likely to cause injury to any person; and/or
3. Accumulation or conditions likely to cause hazards to the health of any person.

A.R.S. §3-601 provides a separate and additional ordinance and remedy to deal with accumulations that can cause disease or other health problems. While this chapter deals with situations caused by the occupant of the property, it also deals with involuntary acts of dumping by other persons or acts of nature. However, this section shall only be enforced when the condition is serious enough to present a real hazard to persons or property. It is not intended to apply as an “aesthetic” control, i.e., a way to get the County to beautify a neighbor’s site.

⁸The Interested person shall properly dispose of nuisance. If the County remediates, nuisance will be disposed either by County forces or by a licensed contractor or by a properly

such nuisance.

CONSULTATION:

Section 402. The Officer shall consult with Greenlee County Planning and Zoning Commission (the Commission) at the next regular meeting, or, if an imminent danger exists, a special meeting. The Commission may take comments from the public regarding the conditions. The Commission shall provide a recommendation on the information presented. The recommendation will be made a part of the minutes of the Commission meeting.

NOTICE OF VIOLATION:

Section 403. After consulting with the Commission, the Officer shall provide formal, written notice of the alleged violation to the Interested Parties of the subject premises not less than thirty (30) days before the date set for compliance. Such notice shall include the estimated cost to the County to remedy, and advise an Interested Party that if the County remedy a nuisance, said expense shall be assessed to said owner, occupant, or lessee. Said notice shall be mailed to the owner at his last known address by certified mail, or the address to which the tax bill for the property was last mailed, or as maintained by the Assessor. A duplicate notice shall also be mailed to the occupant at the address assigned by the County or shall be personally served.

REMOVAL BY COUNTY:

SECTION 404. If, after notice, and after the specified date of compliance, an Interested Party fails to mediate a nuisance, and abate the conditions which constitute a hazard to public health and safety, the County may, at the expense of the owner, mediate, remove or cause removal of a nuisance. The cost to be charged for such work will be the actual cost of removal or abatement, including a five percent (5%) charge plus any costs associated with notification. Equipment hourly rates for County equipment will be those set by FEMA. County personnel charges, including administrative costs, shall be actual payroll costs including benefit costs.

permitted hauler at a permitted facility. Costs from a permitted facility will be included in service costs. Unlicensed businesses, persons, or places will not be used for work or disposal.

Contracted services will be actual cost plus 5%.

ASSESSMENT OF ABETMENT COSTS:

Section 405. The cost of removal or abatement of a nuisance from any lot or tract of land in the unincorporated areas of the County may be assessed, as set forth in Chapter 8 of this Ordinance, upon the lot or tract of land from which nuisances are removed. The assessment, from the date of its recording in the Office of the County Recorder, shall be a lien on the lot or tract of land, until paid.
