NEWS RELEASE
COVID-19 Vaccination Registration 65 Years and Older

The Greenlee County Health Department and Gila Health Resources are continuing their partnership in vaccinating Greenlee County residents, according to state and local guidelines. As regular shipments of vaccine arrive in Greenlee County, the Health Department directs those vaccines to be administered and Gila Health Resources is assisting in the vaccination of county residents

Beginning 1/18/21, residents of Greenlee County who are 65 years and older can register to be vaccinated at 3 different sites: Morenci (at Gila Health), the Clifton Health Department, or the Duncan Health Department. Of the 3 sites, Morenci will be able to accommodate the greatest number of residents. Gila Health Resources will assist the Greenlee County Health Department in scheduling appointments for vaccination.

To be registered, please visit <https://www.gilahealth.com/covid-19/covid-19-vaccine> and complete your online registration where you will indicate your preferred location to be vaccinated. After registering online, you will be contacted by phone to give you your scheduled time. If you are having problems registering online, please call 928-865-7512.

In order to be scheduled for vaccination at this time, an individual must:

- Be 65 years or older
- Be a Greenlee County resident
- Present a driver's license (or proof of age and address) at the time of vaccination.
